Post to: Guernsey Electricity, FREEPOST GU355, GY1 5SS

Thank you for helping to drive towards a cleaner future for our island.

To ensure we can provide sufficient supply from our network for your EV charger and manage the demand for all our customers, we require any electric vehicle charging point to be registered with Guernsey Electricity. Please use this form to register an electrical vehicle charging point of a size up to and including 3.6kW. If you plan to install a charger larger than this, please [\(click here\)](#)

Applicant details				
Applicant is?	Homeowner	Landlord	Tenant	Other: _____
Name		The charging point is:		to be installed
Phone				already installed
Email		Site address		
Date				

Electric Vehicle Charging Point details (if already installed)	
Make	
Model	
Date	

I would like Guernsey Electricity Limited to provide a quote for the supply and/or installation (if yet to be installed)	
Yes	No

I confirm the installed charging point will not exceed 3.6kW (16 Amps) and that if I wish to increase this electrical load, I will make a formal application to Guernsey Electricity Limited at www.electricity.gg/online-services/new-supply

I understand that adding any other charging point to the above property in addition to the above or increasing the electrical load above 3.6kW presents a risk to my electricity supply and the wider electricity grid beyond the above property

I understand that Guernsey Electricity Limited's Super Economy 12 low rate tariff is the most economical way to charge my electric vehicle. Tariffs can be found at www.electricity.gg/electricity/tariffs

To apply for the Super Economy 12 tariff, please click here to complete the application form at your earliest convenience www.electricity.gg/media/214418/super-economy-12-application-form-fillable.pdf

I understand that any charging point installation at the above property will need to be inspected by Guernsey Electricity Limited's engineers/electricians to ensure compliance with the IET wiring regulations and that my installer must submit their test certificate(s) to our New Connections department at new.connections@electricity.gg

I will obtain all necessary planning permissions from the relevant authorities (and permission from the owner of the above property if I am not the owner) for the installation of any electric vehicle charging points

I agree to Guernsey Electricity Limited processing my personal information in accordance with our Privacy Notice, the terms of which can be located at www.electricity.gg/privacy-notice

I accept that the above is subject to Guernsey Electricity Limited's terms and conditions of supply and any applicable restrictions on our supply and any other relevant provisions under the Electricity (Guernsey) Law, 2001 (as amended) copies of both of which can be located at www.electricity.gg/legal

In the event of a query relating to this application, you can contact our New Connections department for more information. Telephone: +44 (0) 1481 24191

Please complete this form fully and return to us via email or alternatively you can submit by post.
